

INDIA'S EMERGING EXPO ON PRO AV SOLUTIONS

AV-ICN EXPO

AV INTEGRATION COMMUNICATION NETWORKING EXPO

25 - 27.05.2023 : BEC, MUMBAI, INDIA

WORD FROM THE EXPOSITION

INDIA'S INDEPENDENT FULL SPECTRUM PRO AV PLATFORM

Witness the highest-level gathering of AV intelligentsia, who produce spectacular AV installations and exceptional communications experience.

AV-ICN Expo is hosting its second exhibition and conference on audiovisual technologies and products. The Theme for AV-ICN 2023 is **Display, Digital Signage & Projection**. AV professionals converge at the annual show - from AV manufacturers, design consultants, system integrators, who unite with distribution channels, project buyers and end users seeking Pro AV solutions.

AV-ICN contributes to Indian AV industry in organizing a three-day Conference on Pro AV with globally renowned speakers, from leading brands and technology companies and AV consultants and system integrators from India. The AV-ICN Conference focus is on critical topics, which address AV industry concerns and provide essential learning to an audience of AV professionals congregated at the expo conference, to expand the dimensions of AV industry in India.

AV-ICN Expo plays a leadership role in recognition of exemplary professional achievement. In AV-ICN 2022, Architect of the Year was awarded to Narendra Naidu of Rhino Engineers who delivered the spectacular audiovisual integrated systems of sound and lighting of Statue of Unity. AV-ICN's recognition of excellence in design and installation of challenging integration solutions is honored, esteemed and respected by industry.

“

Congratulations to the AV-ICN Expo and Summit team. The show was a great success and we were impressed with the range of exhibitors and we know the show will continue to grow and develop in the years ahead.

- Kelvin Ashby King

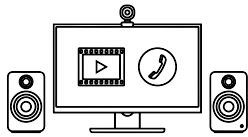

AV-ICN is an inclusive platform providing a voice to Indian AV, and a neutral exposition of new innovation and product from all manufacturers worldwide. There is no nexus to privileged participation. Indeed AV-ICN mantra is of equitability and transparency in pricing and exhibit booth location in the expo, equitability in sponsorship, promotion, publicity and opportunity across all networking events at the expo venue - Hall 2 of Bombay Exhibition Centre, Mumbai. AV-ICN media is equally open to the entire AV industry for product and technology promotion - magazine and newsletter, website and participation in the AV-ICN Conference.

AV-ICN Expo has its eyes on the **future of events** and the **AV professional of the future**.

AV EDUCATION is the key solution that AV-ICN has embarked upon to develop AV professionals for the future who are knowledgeable of the protocols and standards and specs. AV-ICN offers certification course – CAVS- Certified AV Specialist. We aim that the CAVS course is attended by hundreds of AV career participants.

The AV events of the future will be driven by 5G Audio Video streaming with AR in VR and AV events in future will be interactive and experiential. AV-ICN 2023 in its second edition is going to expand the dimension for AV technology and bring to the exhibit floor the latest in innovation in AV production. The Indian AV project must use the latest and superior quality AV design and technology to produce the most efficient state-of-the-art AV Infrastructure in enterprise, corporate, hospitals, education, retail and sports vertical.

GLIMPSES OF AV-ICN EXPO

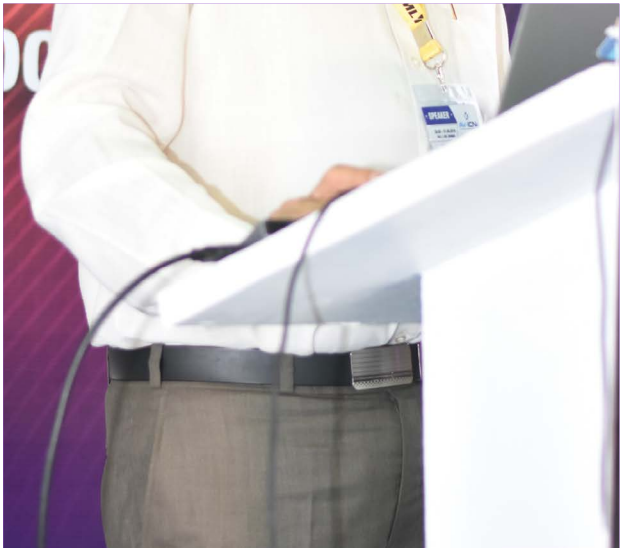

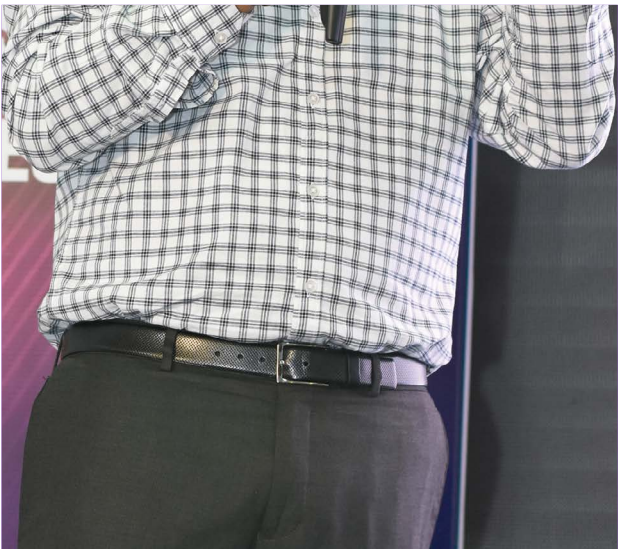

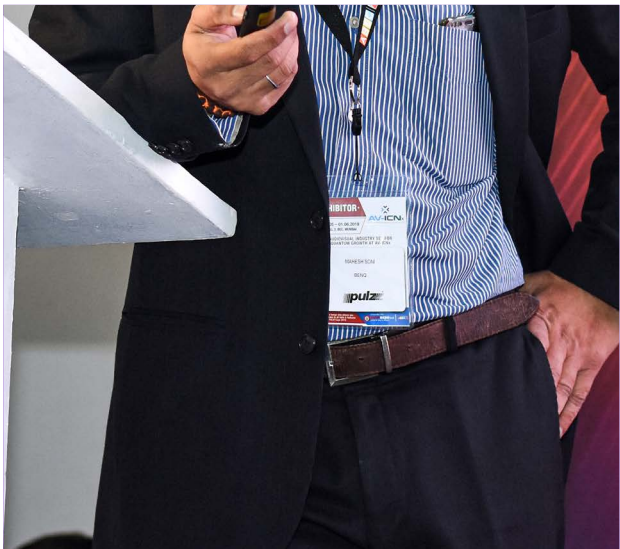

Having attended Expos & seminars across the world, always aspired that some individual or group from our country may start similar for AV industry & the wish has been fulfilled by AV-ICN expo.

- Rajeev Arora
Qubix Technologies

PALM Expo this year has added another domain in the form of AV-ICN to the entire platform which all these years was linked only to audio and lighting solutions. This year with the inclusion of the video and display solutions, we have also taken an aggressive stance with one of the largest booths in this hall. We look forward to having a larger AV targeted audience in the second edition of the show, compelling brands like ours to participate and not miss out on being on a platform like this.

- Mahesh
BenQ India

The experience has been tremendous. Space, venue & infrastructure is quite adequate. The audience targeted was very particular & we got the right kind. It was well marketed, so the people were well aware about the event. We did not have to do anything and got a good footfall at our stall. This segment gave us a good number of connects.

PROJECT GALLERY

The AV Project Gallery is a unique opportunity for exhibitors that spotlights their presence & allows them to showcase AV Projects with cutting edge design solutions & technology.

“

It's good to be at places like this. Normally we go around client offices and sites spending significant amount of time to explain what we could do for them; here, we have the breathing space to sit and explain our competency and expertise to multiples of people and groups.

- Narendra Naidu,
Rhino Engineers Pvt. Ltd.

DIGITAL MARKETING

AV-ICN Expo garners the use of Online Campaigning and strategizes it's digital content.
